

Glazettecolor

Italian Permanent Hair Color

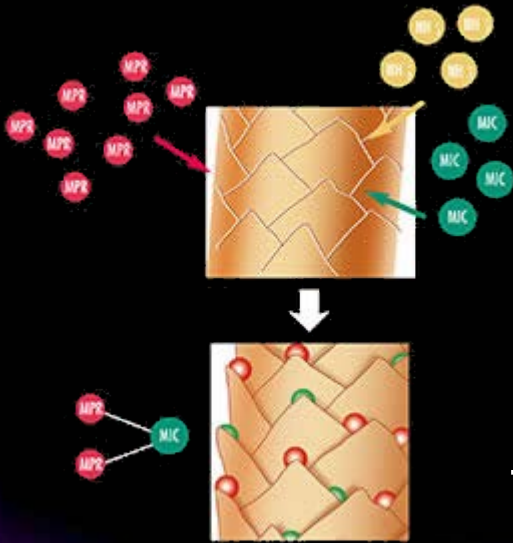

**NEW GENERATION
OF COLOURING TECHNOLOGY**

Glazettecolor

Italian Permanent Hair Color

UNCOMPROMISING STANDARDS
FOR UNCOMPROMISING ARTIST

GLAZETTE COLOR represents the new generation of coloring technology.

Ultra-advanced dye molecules deeply interact with hair structure and grant optimum chromatic balance for any result you wish.

Glazettecolor

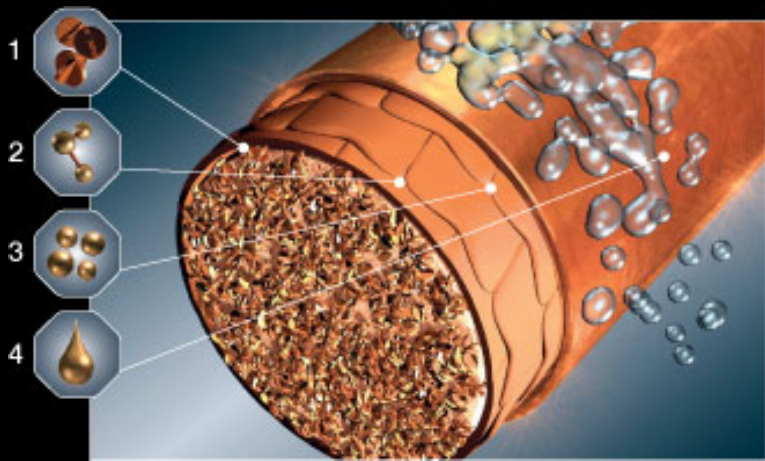

Italian Permanent Hair Color

with 3D
Color Complex

GLAZETTE®

The new formula enriched with vegetal amino acids as soy, wheat and corn, combines with the hair natural structure to guarantee luxurious body, volume, strength and shine.

WITH 3D COLOR COMPLEX: ultra protective active ingredient. The hair will be protected thanks to UV filters; the color will be more intense thanks to anti-oxidants that combat free radicals; new generation pure pigments guarantee total coverage of grey hair at any level and with a perfect tone accuracy.

ACTIONS:

ANTIOXYDANT: it neutralizes the damages of free radical and protects color from fading.

DEFENDS: thanks to its barrier effect, it defends the hair from the oxidizing effect of UV rays.

MOISTURIZES: its powerful moisturizing effect leaves the hair surprisingly soft.

The perfect balance of natural ingredients permits the deepest penetration of high tenacity dye molecules, granting total grey coverage.

UNPARALLELED BRILLIANCE,
UNPRECEDENTED CONDITION,
UNRESTRICTED ART

GLAZETTE COLOR

- VIBRANT AND SHINY COLOR
- PERFECT GREY COVERAGE
- 3.38 OZ. TUBE
- DILUTION 1:1,5
- 103 SHADES (23 FAMILIES)

GLAZETTE OXIGENA CREMA

- CREAMY EMULSION
- BALANCED AND CONTROLLED PH
- SUITABLE FOR GLAZETTE COLOR AND PLATIN COMPACT
- SIZE 33 OZ.
- AVAILABLE IN 10, 20, 30, 40 VOLUMES (3%, 6%, 9%, 12%)

GLAZETTE PLATIN COMPACT

- MICROGRANULAR AND COMPACT BLEACHING POWDER
- GRADUAL OXIGEN RELEASE
- FAST AND MOISTURIZING
- LIFT UP TO 6/7 TONES
- 17 OZ. JAR

FOR A VIRGIN APPLICATION

Start at the back of the head applying the cream section by section, starting from about 3/4 of an inch from the scalp, then spread the cream over the entire length of the hair.

Let it process during 20 min (30 min when using Superlight Series).

By using the same technique, apply Glazette Color again, this time to the roots area, leaving it in for an additional 20 min (25 min when using Superlight Series).

FOR A RE-TOUCH

Starting from the back of the head apply Glazette Color, this time to the regrowth.

Let it process during 20 min (30 min when using Superlight Series). Apply then 70 ml of tepid water, pouring it a little at a time on the hair to obtain an even creamy emulsion all over the hair. Let it process for 10 more minutes.

RINSING

After finishing the application, rinse the hair thoroughly and wash by using Post-color shampoo Glazette.

INSTRUCTIONS

Choose the shade of Glazette Color to apply. Squeeze 50 ml of Glazette Color, correspondent of half content of a tube into a plastic bowl then mix with 75 ml of Oxigena Crema until a creamy consistency is obtained.

Follow instructions given in the table below:

TREATMENT	GLAZETTE COLOR	OXIGENA CREMA	PROCESSING TIMING
Tone on tone	50 ml	75 ml of 10 vol.	25 minutes
For lightening 1 level	50 ml	75 ml of 20 vol.	30 minutes
For lightening 2 levels	50 ml	75 ml of 30 vol.	35 minutes
For lightening 3 levels	50 ml	75 ml of 40 vol.	40 minutes
For super light series	50 ml	100 ml of 40 vol.	45 minutes

HAIRTECH

Under Development

Coming Soon...

GLAZETTE®

Glazette Hairtech will be a complete line especially designed to satisfy every Styling and Finishing necessity of the hairstylist. It is ideal both to create young looks and to give hold to every hairdo while respecting your hair. These six products are rich of natural ingredients to protect, soften and protect your hair.

The line will include:

- MOUSSE 300ML
- HAIR SPRAY NO GAS 300 ML
- GEL tube 150 ML
- WAX jar 100 ML
- SHINE DROPS 50ML
- SHINER 150 ML
